2001 Statewide Annual Licensure Report

Introduction

This report provides the licensure examination results for two-year technical associate degrees and one-year certificate programs leading to professions requiring licensure. The Texas Higher Education Coordinating Board uses this information as part of its overall assessment of the effectiveness of technical education programs at community and technical colleges in the state.

In the spring of 1997, the Coordinating Board and the Legislative Budget Board expressed an interest in using licensure data as a specified performance measure of programs at community and technical colleges. Effective September 1, 1997, the 75th Texas Legislature enacted House Bill 2517 requiring public community colleges to annually report on nine performance measures. One of those measures is the percentage of students who passed a licensure exam

Licensure examinations test a person's knowledge to ensure a certain level of competence. By testing, the state or professional organization that awards the license helps safeguard the public from injury by the practitioner. The Coordinating Board recognizes the success rate for licensure as an integral part of the overall success of many technical programs. This report adds to the ongoing process of continuous improvement and promotion of accountability in Texas community and technical college programs.

Methodology

In July of 2001 the Coordinating Board staff contacted the agencies and professional organizations responsible for testing results to obtain information for the *2001 Statewide Annual Licensure Report*. The staff requested the agencies and professional organizations provide results for examinations administered in the 1999-2000 academic year. The requested data included the number of individuals who took licensure examinations and the number who passed. Only Coordinating Board approved programs at public community and technical colleges are included in this report.

The *2001 Statewide Annual Licensure Report* includes data on the following 23 licensure examinations:

!	Funeral – Texas Law Exam	!	Medical Assistant
!	Funeral Directing	!	Occupational Therapy Assistant
!	Aircraft Mechanic (Airframe, General, Powerplant)	!	Medical Radiologic Technologist
!	Barber/Hairstylist	!	Medical Laboratory Technician
!	Cosmetology	!	Nuclear Medicine Technology
!	Court Reporting	!	Nurse Aide
!	Emergency Medical Service/Paramedic	!	Nurse, Licensed Vocational

!	Interpreter for the Deaf	!	Physical Therapy Assistant
!	Law Enforcement (Academy, Corrections, Criminal Justice)	!	Land Surveying
!	Massage Therapist	!	Aircraft Mechanic (Airframe, General, Powerplant)
		!	Radiation Therapy

Limitations

Licensure examination results for several programs were unavailable due to various limitations. Several programs with licensure requirements were excluded from the report because of incomplete licensure information. In addition, some state licensing agencies and professional organizations do not track licensure examination results based on the institution the candidates attended. Data from several programs was excluded from this year's report due to the THECB decision to refrain from collecting licensure information directly from the community colleges. These programs are as follows:

! **Air Conditioning and Refrigeration**

The Texas Department of Licensing and Regulation maintains data on this profession but does not currently track licensure data by the colleges the candidates attended.

! **Certified Ophthalmic Technician/Assistants**

The Joint Commission on Allied Health Personnel in Ophthalmology administers the licensure information

for the field. Information for this licensure program is not available at this time.

! Chemical Dependency Counselor

The Texas Commission on Alcohol and Drug Abuse maintains the data for this field, but does not collect data relating to the colleges the candidates attended.

! Child Care Administration

The Department of Human Services (DHS) maintains records for this field. Experience and course work are required to enter this discipline. However, DHS focuses on tracking the candidates' experience, not course work.

! Code Enforcement

The Texas Department of Health, Code Enforcement Officer's Registry Program maintains records for this field, but does not collect data relating to the colleges the candidates attended. TDH tracks the data for the field by candidates' experience.

! Dental Hygienist

Records of the candidates by their institution of education are maintained by the regional testing organization, the Western Regional Examining Board. The Board only sends individual exam scores to the candidates=institutions.

! Diagnostic Medical Sonographer

The American Registry of Diagnostic Medical Sonographers maintains data for this field. However, they require the colleges' permission as well as the candidates' social security numbers to process and release the information.

! Health Information Management Technician

The American Health Information Management Association maintains data for this field. However, they require authorization from the colleges to release the data.

! Insurance Agent

The Texas Department of Insurance does not maintain records by the college the candidates attended for this profession.

! Medication Aide

The Texas Department of Health – Medication Aide Program maintains data for this field. Currently this particular information can only be processed manually.

! Occupational Therapist Assistant

The National Board of Occupational Therapy Examiners maintains this data but only releases test results upon candidates request to have the results sent to the Texas Board of Occupational Therapy Examiners. The Texas Board of Occupational Therapy does not have information based on the candidates' colleges available. Data for Occupational Therapy Assistant licensing examination is not included this year due to the THECB decision to refrain from collecting information of this kind directly from the community colleges.

! Pharmacy Technician

Texas State Board of Pharmacy Technicians has developed rules that require all current pharmacy technicians take and pass the national examination for pharmacy technicians no later than 2001. Data provided by the TSBPT for this profession should be available by 2002.

! Plumbers

The State Board of Plumbing Examiners does not track data based on training programs.

! Real Estate Appraiser

The Texas Appraiser Licensing and Certification Board does not track data based on courses taken or college attended.

! Real Estate Sales Agent

Currently, the Texas Real Estate Commission does not maintain data for licensure examination rates by the colleges the candidates attended.

! Respiratory Care Practitioner

The National Board for Respiratory Care maintains this data. However, the Board only sends individual scores to test candidates and their institutions, and only sends data resulting in a 100% pass rate to the Texas Department of Health. The Texas Department of Health does not record or match information related to examinee performance by college.
